JAPS SURVEYING

Preparatory to Making An Attack on Enemy.

CZAR MUST MAKE OVERTURES

Nikado Will Not Consent to Arms- Race Pending Discussion of Peace Terms.

(Bulletin.)

St. Petersburg, March 31.—Today's dispatches from the front state that the Japanese have made a heavy reconnaissance against the Russian center, the object evidently being to develop the Russian position. The belief prevails that Marshal Oyama is preparing another general attack and the indications are that a genuine advance of the main army with wings far extended has already begun.

London, March 31.—Baron Suymatsu, who came here to negotiate the Japanese loan, in an interview with your correspondent this afternoon, asserted that Japan has been partially informed of a suggestion of peace having been made by America. He said: "America has requested Japan to elucidate her position in case of certain eventualities looking toward a stoppage of the war. Japan complied, although we have not announced a complete set of peace terms, because these have not yet been drawn up and we have no intention of announcing them until Russia makes direct overtures. If Russia wished peace, she must be prepared to pay an indemnity. Until Russia agrees to this, it is useless to talk of stopping the war."

"We are in no hurry to seek peace and we shall continue fighting until the indemnity question is settled to our satisfaction. This part of our peace terms has been told to the American government. All talk of an armistice being arranged for discussing peace is untrue. Japan is too familiar with Russia's methods to agree to such a proposal and there will be no cessation of hostilities until the peace terms are actually accepted."

Washington, March 31.—A report emanating from St. Petersburg that President Roosevelt has been asked to mediate between Russia and Japan is officially denied at the white house today.

PROSECUTION OF WAR

Favored by Russian Imperial Commission—Nothing to Prevent a Continuance of Struggle.

St. Petersburg, March 31.—Members of the war party, who are at daggers drawn with the friends of peace, are industriously insinuating that if Russian diplomacy is doing anything in the direction of peace it is without imperial sanction and is in reality only an unofficial endeavor to induce Japan to agree to negotiate on the lines of no cession of territory and no indemnity, and to enable the advocates of peace to point out to the emperor that peace is possible without national humiliation. To show that the emperor is still recalcitrant on the question of prosecution of the war they are spreading a story to the effect that when Foreign Minister Lamsdorf, in advocating the advisability of peace, drew the gloomiest picture of the situation at the east, his majesty became angry and lost patience.

"It is understood that the imperial commission, under the presidency of Grand Duke Nicholas, which has been considering the question of prosecuting the war, has completed its preliminary report, which favors a continuation of the war, finding nothing in the present situation, either financial or military, to prevent its prosecution."

A Harbin dispatch says: Jap scouting parties are very active in endeavoring to pierce the screen of the Russian vanguard posts and develop the disposition and strength of the positions. Their attempts at times verging on the nature of reconnaissances in force. A few Japanese batteries which have pushed far forward occasionally drop Shimosa shells in suspected places. There was a smart brush where General Mitchenko is stationed, the Japanese pressing forward in a determined endeavor to make a thorough reconnaissance and learn the dispositions in this quarter. The Russians repelled the advance without incurring any losses. Aside from these reconnaissance affairs are generally quiet on the southern positions. Chinese state that heavy Japanese reinforcements are constantly arriving.

Japan's Plans.
Tokio, March 31.—The various rumors of peace negotiations emanating from Europe and the United States

are published and commented upon here. Apparently they do not affect the attitude of the Japanese government and people toward the war. The press re-echoes the announced determination of Japan to vigorously push the military operations unmoved and undeterred by discussions of events in Russia or elsewhere. The Jiji declares that the successive reverses have not affected Russia. Emperor Nicholas, the paper adds, is unwilling to sacrifice the prestige of his house or surrender the position of controlling influence Russia has heretofore held over the powers of Europe. Field Marshal Oyama's army will continue its forward movement and not give Russia a breathing moment.

General Linevitch's Address.
St. Petersburg, March 31.—General Linevitch has issued the following address to his troops: "The emperor has been pleased to appoint me commander-in-chief of the Manchurian armies. In many battles, those of the rivers Shalke and Hun, at Poutloff and Novgorod Hills, at the front at Kankulian and Gangu Passes, and the Mukden positions, you have most bravely repulsed most serious attacks by the enemy and dealt enormous losses. Let every man accomplish manfully his sacred duty to the emperor and the fatherland. The enemy cannot hold out before Russian valor and reinforcements are coming unceasingly from Russia. May God help you in the coming battle."

Russians May Evacuate.
Tokyo, March 31.—Interest in the war is partly shifting eastward. It is reported that the Russians plan to abandon the island of Sakhalien near the harbors are free of ice. The Russians are strengthening the defensive points north of the Tumen river, Korea, in the vicinity of Hunchun, northwest of Posset bay, and at points on the railroad in the vicinity of Ninguta, 160 miles east of north of Kirin. A good highway extends from Posset bay northward to Ninguta, where it joins the Kirin road.

Conditions Not Satisfactory.
London, March 31.—Baron Hayashi, the Japanese minister, declared that he had no information in regard to the announcement contained in the St. Petersburg dispatches that Russia had indirectly made known to Japan the negative conditions on which peace might be concluded, namely no cession of territory and no indemnity, leaving Japan to determine whether peace negotiations could be begun upon that basis, but he said unreservedly that the terms then mentioned could not even be considered.

Peasants Want Land.
St. Petersburg, March 31.—A telegram from Bachmut, Bessarabia, reports a peasant outbreak at Caseno against German settlers. The peasants threaten to take possession of lands unless the Germans voluntarily give up possession. Cossacks were hastily dispatched to the scene.

CONSPIRACY

INDICTMENTS ARE PROBABLE IN CHICAGO INVESTIGATION.

Witnesses Before the Federal Grand Jury Investigating the Beef Trust are Tampered With.

Chicago, March 31.—Secret service men are shadowing all witnesses summoned to testify before the federal grand jury, which is investigating the beef case. Conspiracy indictments are threatened against heads of big meat packing concerns unless alleged tampering with witnesses is discontinued at once. With two witnesses on the stand, who, it is asserted, admitted that they had been approached with a suggestion that their testimony be made, the jury, it is declared, is getting ready to take drastic action. "We will shut off interference with witnesses," said Assistant Attorney General Pugin, "even if we have to resort to proceedings under the conspiracy statute to do so." Belief is general that Mr. Pugin has already laid out plans of new indictments. Fifteen witnesses were heard during the session, three women being among those who testified. The women were said to be stenographers, employed by the National Packing company. One of the witnesses before the jury was Charles E. Mead of Boston, formerly connected with Swift & Company's car lines. L. S. Curtis of T. E. Baker & Company of Boston, and Frank Dimpom of Omaha, were other witnesses before the jury. Mr. Dimpom explained the meat business from the view point of the medium through which the consumer obtains the meat.

The fifteen secret service men who have been frequenting the corridors in the building where the grand jury is in session, are not to be seen. District Attorney Morrison is said to have ordered that waiting witnesses, instead of spending their time in the vicinity of the jury room, are to be concealed in down town hotels until called before the jury. In this way the witnesses will be more readily prevented from learning the identity of the secret service men watching for possible irregularities. Ten men arrived in the jury room and reported to the government officials. It is said that the ten are employed by railroads in Michigan.

THE APRIL FOOL READY FOR HIS PRANKS.

MISS AGNES WATSON

Daughter of Thomas Watson in a Desperate Condition as Result of Overdose of Drug.

Augusta, Ga., March 31.—Miss Agnes Watson, daughter of Thomas Watson, is in a desperate condition as the result of an accidental overdose of morphine taken at the home of a friend in Athens, Ga., where she is visiting in the absence of her father from the state. Suffering intense pain from the extraction of a tooth, she took three doses of the drug and soon was in a state of coma. Physicians who attended her say the dose was three times too great for safety. Her chance for recovery is poor.

TWO ARE DEAD

As the Result of a Three Cornered Shooting Affray Out in the State of Illinois.

Collinsville, Ill., March 31.—In a three cornered shooting affair here Mrs. John Berta and Barney Vossallo were killed, and John Berta, husband of the woman, was slightly wounded, and was released from custody on the coroner's jury verdict of justifiable homicide. The trouble grew out of a quarrel. Berta owns a saloon, and Mrs. Berta was in the place when Vossallo entered and began a quarrel with her. Vossallo drew a revolver and began shooting at her. She also seized a revolver and returned the fire. Just as Mrs. Berta fell dead with a bullet through her brain, Berta rushed in, attracted by the shooting, and was slightly wounded by a bullet from Vossallo. Berta shot Vossallo dead.

"A GENT"

Is at the Head of Cleveland's Desperate Gang of Crooks—Tale of the Nether World.

Cleveland, O., March 31.—According to the police a band of desperate crooks live in a den in the heart of the city, sally forth only at night to do their deeds of darkness, every member under the absolute control of one man, and that man James Forbes, the gentleman burglar. It is believed that there were more than 20 men in the crowd, every one of them a professional crook and each of them a next-of-kin.

The police say that when Forbes came to Cleveland he found several old pals, some of whom had been fellow prisoners with him in Joliet. About this nucleus was formed the gang. Second to Forbes in command was a well known local crook, a man under arrest, with three others, under suspicion of the Ernie diamond robbery in the Colonial Arcade a week ago.

Forbes jumped his bail in a criminal case, and, leaderless, the gang fell. There is still a good job open to a newspaper man at Belgrade as editor of the Presse. The only stipulation is that the man shall have some brains and be an expert with a gun.

SAFE BLOWERS

Did Business in Ohio and Indiana This Morning.

ONE GANG NOW SURROUNDED

Men Who Cracked Safe at Cynthiana, Ind., However, Have Made Their Escape.

Toledo, Ohio, March 31.—Safe blowers wrecked the safe in Whitmore's general store in Tontogany this morning. A heavy charge of dynamite was placed in the safe and the building was wrecked. The robbers, four in number, escaped. At Grand Rapids, the town marshal attempted to arrest them. A revolver battle resulted in which fifty shots were fired without effect. The robbers were later surrounded in a dense patch of woods.

Shelbyville, Ind., March 31.—Safe blowers this morning cracked the safe in Marshall & Yeager's general store at Cynthiana, securing \$50 in stamps and \$35 in cash. The explosion awoke William Fox, who gave the alarm. He was stopped at the point of a revolver and forced to return to his house. Three shots were fired at him. The burglars escaped.

INVALID HUSBAND

And Six Children Carried from Burning House by Wife and Mother. Widow Perished.

New York, March 31.—Ellen Monahan, aged 50, a widow, turned to death this morning in a tenement fire. John Ward, an invalid, and six children, were carried out of the building by the wife and mother, who nearly perished. Several had narrow escapes.

LATE TELEGRAPH TICKS

London, March 31.—The Dowager Duchess of Abercon died today at the age of 93.

Washington, March 31.—Rear Admiral Robley D. Evans assumed command of the North Atlantic fleet at Pensacola this morning.

Aigiers, March 31.—Secretary John Hay sailed for Naples at noon today. The improvement in his condition continues steadily.

Budapest, March 31.—It is today announced that an agreement has been reached between Emperor Franz Josef and the Hungarian majority in parliament and the long standing difficulties over military and naval affairs have been removed.

DIME NOVELS

Paved the Way to Penitentiary for Chicago Lad Who Murdered a Woman.

Chicago, March 31.—Dime novels paved James A. Logan Jr.'s way to the penitentiary, according to the boy's confession to Judge Barnes, who sentenced him to the Joliet prison for life for the murder of Mrs. Della Tracey in Hyde Park Feb. 26. The Roman courage of the boy's father in surrendering his son to the police as soon as he learned he had committed a crime for which he might be hanged was commended by Judge Barnes. The boy is a negro.

RELEASED ON BAIL

Is the Person Who Figured in Recent Tragedy on Broadway, in New York City.

New York, March 31.—Stewart A. Felton, known to the sporting fraternity as "Big Frank," who has been in the Tombs prison for several months charged with murder in the first degree, in having killed Guy Roche, a gambler, was released on \$25,000 bail. The shooting of Roche occurred in the Broadway theater district when it was crowded with thousands of persons going home from the play houses. It is said to have resulted from a quarrel over a woman. The man who fired the shot disappeared but the police arrested Felton a few hours later, and when they took him before Roche, who was dying in a hospital, the latter identified him as his assailant. The scene in the hospital when the identification was made was a dramatic one. "You shot me, Frank, but I don't blame you," said Roche. "I'd have done the same to you. Won't you shake hands?" Felton turned on his heel and walked away with the officers without a word. Roche died a few hours later.

MILLIONS OF CAPITAL

American Smelters Exploration Company Incorporated in State of New Jersey.

Trenton, N. J., March 31.—The American Smelters Exploration company was incorporated here with an authorized capital of \$54,000,000, to conduct mining operations of every description. The incorporators are William R. Porter, Frank Hills, both of New York, and John G. Treacy of Jersey City.

OLD WOMEN

Will Enter a Walking Match to Prove That American Dames are Agile.

Cleveland, O., March 31.—A novel walking contest is arranged for tomorrow, the contestants in which must be women, 75 years of age or older, and natives of "Doan's Corners." The distance will be four miles from "Doan's

Corners" to the public square. The match was arranged because some one commented unfavorably on the walking ability of American women, and because some of the old settlers of the East End disagreed as to the pedestrian powers of certain aged, but active, women.

All arrangements for the event have been completed, with the assistance of W. A. McIlrath. Several automobiles will follow the contestants as an ambulance corps. A prize for the winner and a hearty luncheon for all competitors will await them at the finish. Mrs. Martha McKeonolds, 2102 Euclid avenue, aged 75, is one of the contestants entered.

OHIO BANK CLOSED

Certain Officials in Lorain Institution Said to Have Been Speculating in Stocks.

Lorain, O., March 31.—President Honecker of the Lorain bank this morning made an unqualified statement that the defalcation through which the failure of the bank was brought about was made by the connivance of Cashier Kaneen, Assistant Cashier Walker and Bookkeeper Walker. He says Kaneen confessed to the directors and that he and the other two men have agreed to turn over everything they have to help make good the loss.

"The truth might as well be told first as last," said he. "The bank is a wreck. I don't think depositors will lose a cent. The stockholders will likely have to contribute some to make good the loss. We had heard before this that Kaneen was speculating and had asked him about it. Then he told us he was not doing any more speculating. Kaneen admits a shortage of \$90,000." Kaneen and the Walkers were under bond. The bank officials say they will allow the bonding companies to prosecute.

Lorain, O., March 31.—The closing of the Citizens Savings company this morning caused considerable excitement today and not a few persons withdrew funds from the banks, although there was no serious run. The other banks are all considered safe. There was a large crowd around the closed bank. Men raged in foreign tongues and women wept. A formal assignment was made at Elyria this morning to T. W. Fancher, a director of the bank.

Kaneen today admits the shortage. He says it was lost in stock speculation. He had told the bank officials some time ago he had abandoned his stock operations when the report came to them. Kaneen is under \$20,000 bond and has surrendered \$11,000 in property. Dana Walker has given up his house and lot. H. B. Walker was under \$5,000 bond. The directors of bank say they will leave it to the bonding company to make any criminal prosecution. The directors placed placed full confidence in Kaneen and the Walkers. It is denied that the former administration of the late T. C. Beckwith, president of the defunct Citizens bank, of Oberlin, as founder of the bank, had anything to do with the failure.

Lorain, O., March 31.—At a meeting of the directors and counsel of the Citizens Savings bank it was decided that the bank should not open for business. Ex-Mayor W. B. Thompson, counsel for the bank, is authority for the statement that the bank's liabilities will probably exceed its capital stock and surplus. The capital is \$50,000 and the surplus \$13,000. Three officials of the bank are named as being responsible for the shortage, and speculation in stocks is given as the cause for their being obliged to use the bank's money.

The resources of the bank are \$379,849, individual deposits \$313,949.

At a meeting of the directors of the bank Jan. 10, the regular semi-annual dividend of 6 per cent was declared and the statement was then made that the bank was one of the soundest in the city. The bank holds part of the city and school taxes recently collected, and is also custodian of the school funds. The late C. T. Beckwith, president of the Citizens' National bank of Oberlin, was president of the Citizens' Savings bank up to five years ago. It is not believed that there is any Chadwick paper in the bank. The bond of City Treasurer Babcock for \$34,000 is deposited in the bank. E. F. Kaneen is cashier. He refused to make any statement.

Syrians Close Shop.

Port au Prince, Haiti, March 31.—Provoked by Haitian soldiers some scenes of disorder occurred in the market streets, but were quickly suppressed by the police. The government has decided to maintain order and has taken great precautions. All the troops are consigned to their barracks, and it is believed that in spite of the excitement among the people against the Syrians that rioting will be avoided. President Nord has orders to vigorously suppress all attempts to pillage. All the Syrians have closed their stores. The Syrians believe they will be able to reopen for business April 4, hoping that the excitement of the populace will have calmed down by that time. The news that an American warship had been ordered to this port has produced a good impression among the members of the foreign colony.

SMITHS INDICTED

Couple Will be Taken Back to New York City

CHARGED WITH CONSPIRACY

New York Authorities Prepare Requisition Papers for Return of Couple from Cincinnati.

Columbus, O., March 31.—Requisition papers were received at the Governor's office today and honored for the return from Cincinnati to New York of J. Morgan Smith and Julia Patterson Smith.

Cincinnati, O., March 31.—J. Morgan Smith today asserts that he has no

MAN PATTERSON.

fear of returning to New York and says he is willing to go without requisition papers. Mrs. Smith worries greatly and shows the strain.

New York, March 31.—The fate of Nan Patterson, the actress, who will be tried April 10 for the murder of Caesar Young, hinges on the arrest of J. Morgan Smith and wife made yesterday at Cincinnati. The Smiths fled after being subpoenaed to attend a session of the grand jury which indicted Miss Patterson. Mrs. Smith is a sister of the accused girl. Their arrest was on an indictment for conspiracy. The state's attorneys believe Hyman Stern, the pawnbroker who sold the revolver with which Young was killed, will identify Smith as the man who purchased the pistol. Stern has already identified a photograph of Smith as the man who bought a revolver 13 hours before the shooting. With this evidence the state feels sure of conviction.

Cincinnati, March 31.—J. Morgan Smith and wife whose arrest here was telegraphed to the Advocate yesterday, left New York a few months after the death of Caesar Young, for whose murder Nan Patterson is to be tried for the third time within a few days. Smith's testimony and his identity are considered almost vital to the case against Miss Patterson.

Several weeks ago a New York detective met Smith in Montreal, Canada, and from that time till yesterday he awaited a favorable time to make the arrest. He followed the Smiths over half the continent, having made friends with Smith, who knew him to be a detective, but thought he was after some other person.

Before being locked up Smith was searched. In his pockets were found an old watch, some pocket pieces and \$2.85 in cash. In his breast pocket were found two envelopes sealed. When Lieutenant Poppe took the envelopes, Smith made frantic efforts to get them back, but the two envelopes were retained by the police.

Pair to Be Extradited.

New York, March 31.—The grand jury in this city handed down indictments against J. Morton Smith, Julia Smith, his wife, and Nan Patterson, charging them jointly with conspiracy. The indictments are based upon a letter alleged to have been written by Julia Smith to Caesar Young, in which it is alleged, was a threat and a demand for money for the Patterson girl. The arrest of Smith and his wife at Cincinnati, according to the local authorities, will have an important bearing on the new trial of the Patterson girl on the charge of murder, set for April 10. At a previous trial an attempt was made to prove that the revolver with which Young was shot was purchased by Smith and a woman the day before the tragedy occurred. A deputy sheriff of the district attorney's office left here for Albany with requisition papers for Smith and his wife, which Governor Higgins will be asked to sign. As soon as the governor's signature is obtained the deputy will start for Ohio. Assistant District Attorney Garvan will leave this day for Cincinnati to represent the New York authorities in the extradition proceedings in case Smith decides to fight the case.

MORTGAGES. A lot of you readers have mortgages on your homes. Seems like it's about all you can do to pay the interest on it. If you, a big, strong man, can't raise that mortgage, will you tell us how your widow is going to do it? Raising your children will keep her fully entertained, and if you don't provide the means of raising the mortgage, the sheriff will raise the roof from the heads of your dependent ones. This isn't sentiment—it's a brutal fact. A policy in the Equitable Life of New York will raise both the mortgage and the children, and it costs very little, too. You don't have to die to win; if you live to an old age, the cash value of the policy, which will be a large sum, may be drawn by you and used for your own support. O. M. TUCKER, J. R. TUCKER. REAL ESTATE FORMAL TRANSFER OF BAKER BLOCK MADE FRIDAY. Improvements in Many Parts of the City—Building Permits and Deeds Recorded.

The formal transfer of the Baker block, just east of the Advocate office on West Main street, which was recently purchased by the Odd Fellows of this city, was made on Friday, and the full consideration, \$19,000, was turned over to Mrs. Hamlin. The Odd Fellows have decided to let the building remain as it is at present for one year, as their lease on the Jones building on the east side of the square, will not expire until July 1, 1907. Next year, however, the building will be thoroughly remodeled and transformed into one of the handsomest Odd Fellows' homes in the state.

There has been a wonderful advance in the value of real estate on North Park Place. Thirty thousand dollars have been offered for two two-story store rooms, \$15,000 for each, and refused. The property is near the Lansing block.

Prominent among the important improvements to be made this spring by Newark business men, will be the enlargement of the old established Candy Kitchen, on the south side of the public square, now occupied by the Utrevise store. The store room will be completely remodelled and new furniture and fixtures will be installed. A handsome plate glass front has been placed in position, and the interior of the large room will be made up to date. The dimensions of the room are 22 feet in width by 125 feet in depth. The property has been leased for five years at an increased rental. A new steel ceiling and a new tile floor will be among the improvements. Mr. Jas. E. Thomas the owner of the block, will also make an addition to the room now occupied by the Racket Store. When completed the building will be three full stories high. The third floor will be used by secret societies. Cleve Tomlinson is the contractor.

Two of the storerooms of the Schaus building, on East Park Place, Second street, have been extended back to the alley. The addition is 31 1-2 feet wide and 45 feet in length. David Taylor is the contractor, and Albert Hanson did the brick work. Jack Wells is putting in a fine front in his place of business, and is rearranging and fixing the interior.

Judge John D. Jones sold a lot on Commodore street last week for \$1,200, which was valued a few years ago at \$500. The property was unimproved, except a barn was standing on the rear of the lot, the dimensions of which were 75 by 160 feet.

Jacob Ankele the grocer, is building an addition to one of his houses in the South End.

Building Permits. May E. Burton, two story frame dwelling, Woods avenue. Jonathan Jones, double frame dwelling, North Front street, near Locust. Joseph R. Capper, two story concrete dwelling, South Fifth street. Daniel Thomas, two story frame dwelling on Columbia street. Clarence W. Snelling, porch to Twelfth street dwelling. Wm. Schroeder, two story frame dwelling West Church street.

Real Estate Transfers. Henry C. Jones and Hannah J. Jones to Stephen Ragan, lot 4269 in Oakwood addition to Newark, \$2000. John David Jones and wife to John Evans, lot 856 and part of lot 857 in Newark, \$1200. Rudolph L. Jones, executor of Nancy Thomas, deceased, to Louis V. Bebout 9 3-4 acres in Washington township, \$925.

TEMPLE OF JUSTICE WATER WORKS CASE DECIDED BY COURT TOMORROW. Mrs. Henry Glassmeyer Files Answer to Divorce Petition—Transcripts. Court House Items.

Judge Charles W. Seward will hand down his decision tomorrow morning in the Water Works case, which was heard in Common Pleas court last week.

Divorce Petition Answered. In the case of Henry Glassmeyer vs. Cora C. Glassmeyer, the defendant has filed her amended answer and cross petition, in which she denies each and every allegation made in her husband's petition. She says that ever since her marriage to the plaintiff she has conducted herself as a kind and obedient wife. She also says that her husband has been guilty of extreme cruelty and gross neglect of duty in that he has failed to provide her with any of the necessities of life; that he has failed to recognize her as his wife, and has failed to provide her with either food, clothing or a home for several months. She asks that the B. & O. railroad company be enjoined from paying her husband any money, except as ordered by the court. An injunction was granted as prayed for by Judge Irvine.

In Circuit Court. The judges of the Circuit court are engaged today in considering the cases submitted during the present week.

Guardian Appointed. Lucinda C. Griffith has been appointed administrator of the estate of John B. Price, deceased, of Newark township. Bond, \$500.

Divorce Petition Answered. In the case of Mary L. Rutherford vs. John Wesley Rutherford, suit for divorce, the defendant, who is a resident of Liberty township, Fairfield county, has filed his answer and cross petition. He denies that he is the owner of the property alleged by his wife, and for cross petition charges her with wilful neglect and infidelity.

Examination of Treasury. The examiners appointed by the Probate judge to examine the county treasury, consisting of Messrs. J. W. Horner and B. L. Hawke, have completed their labors. They found everything correct to a cent, and highly complimented Deputy Treasurer C. L. V. Holtz on his method of conducting the office.

In Squire's Court. The forcible detention proceeding against the Sparta Confectionery company was heard Friday in Squire Atchley's court. The action was brought against the company to compel them to vacate the room on North Third street now used as a confectionery store. The decision in the case will probably be rendered Saturday.

Court Notes. A transcript from the docket of Justice Lee S. Lake in the case of G. E. Brinkley vs. Frank Harvey has been filed in the office of the clerk of the court. A transcript from the criminal docket of the mayor of Johnstown, in the case of the village of Johnstown vs. Dr. M. E. Craig, charged with forging the name of Noah Miller to a note bearing date of December 2, 1904, and drawn in favor of Buxton & Armstrong and obtaining goods and money under false pretenses, has been filed in the office of the clerk of the court. A transcript from the docket of Justice of the Peace James R. Atchley in the case of Ed Doe vs. Wm. Shields Jr., has been filed in the office of the clerk of the court. T. T. Davis, administrator of the estate of John Forgrave, deceased, has filed his account of final distribution.

Marriage Licenses. Charles Negele, Newark; Myrtle Belle Davis, Newark; Edward Sobehart, Newark; Clara McCoy, Newark; John W. Whittus, Jacksontown; Effie Priest, Hebron.

Group instantly relieved. Dr. Thomas Electric Oil. Perfectly safe. Never fails. At any drug store.

Seventy Donkey-Mounted Gentlemen New spring clothing for men, boys and children, at Plaine's department store, West End.

Caught Between Cars. Tiffin, O., March 31.—James Dunn, fireman at the National Machinery works, was caught between two freight cars while crossing the track in the factory yards, his back bone broken and body terribly mangled. He died a short time later. Dunn was 35 and leaves a wife and three small children.

Breweries Merged. Toledo, O., March 31.—Three Toledo breweries were merged when the Huebner-Toledo breweries were organized with a capital of \$3,000,000. Toledo, Cleveland and Hamilton, O. breweries are interested in the deal.

Up For Life. Ravenna, O., March 31.—Judge Robinson sentenced Tony Girard to life imprisonment in the penitentiary for the murder of James Ross, an Italian railroad foreman. The crime was committed at Ravenna on February 16.

WEDDINGS.
SOBEHART-MCCOY
Skillful Molder at Wehrle Foundry Married Miss Clara McCoy Here Thursday Night.
A very pretty wedding took place on Thursday night at the Second Presbyterian parsonage when Edward Sobehart and Clara McCoy were married by the Rev. T. A. Cosgrove in the presence of a few friends. Mr. Sobehart is a skillful molder in the Wehrle works. Mr. and Mrs. Sobehart will make their home at 29 Thirteenth street.

TODD-CHANDLER
Marriage of Former Popular Minister of Johnstown to Mrs. Chandler of Cleveland, O.
For some time it has been quietly going the rounds in Johnstown that the former Methodist pastor there, Rev. W. I. Todd, now of Columbus, was to take unto himself a bride. Now the expected has happened, the following clipping from the State Journal, telling of the wedding:
"Rev. W. I. Todd, pastor of the Glenwood M. E. church and Mrs. S. B. Chandler of Cleveland, were united in marriage in that city by Rev. Mr. Sprecker, pastor of the First Presbyterian church. The couple returned to this city Thursday evening.
"Mrs. C. W. Chandler, daughter of the late Rev. W. H. Bulkeley, who was a Presbyterian clergyman, lived most of her life at Ballston Spa, N. Y.
Rev. Mr. Todd was a pastor in the New England states until about five years ago when he came to Ohio to continue the work. The members of Rev. Mr. Todd's congregation gave him a large surprise party Friday night, at the parsonage on Highland avenue. During the evening a beautiful arm chair was presented to the pastor and his bride.
No more popular preacher ever served a pastorage in Johnstown than Rev. W. I. Todd.

NEGELE-DAVIS
Marriage Took Place Thursday Evening at Home of Bride's Parents on Beech Street.
Mr. Charles Negele, a well known glass blower, and Miss Myrtle Bell Davis, daughter of Mr. and Mrs. W. H. Davis, were married at the home of the bride's parents on Beech street, Thursday evening, the Rev. J. C. Schindler officiating. Mr. and Mrs. Negele will reside in this city, the groom being employed at the Everett glass works.

A convict named Buckley, in the state prison at Lansing, Kans., climbed twice to the top of a 50 foot flagpole on top of the 10 foot prison building, to adjust the pulley, which had become fast. When he was receiving congratulations Buckley explained that he had once been an English sailor.

BOWLING TOURNAMENT AT HAYES ALLEYS

M'GOUGH AND BARRICK LEADERS IN EVENT THERE ON THURSDAY.

Gun Club Scores at Johnstown—Local and General News in the Field of Sport.

James McLaugh, a linotype operator won the first prize at the bowling tournament for Newark bowlers at the Hayes alleys Thursday by bowling the greatest number of pins during the tournament. Dr. R. A. Barick was a close second and he also took one-half of the fourth prize.

The contest was close and exciting from the start and many good scores were rolled. Also some which were not so good were chalked up. The low man in the contest was Leroy Garrison who averaged 128 for three games. The prizes were awarded as follows:

First—Greatest number of pins in three games, James McLaugh.

Second—Second highest number of pins in three games, Dr. Barick.

Third—Third highest number of pins, Frank Sprague.

Fourth—For highest score during three games, N. E. Armstrong and Dr. Barick, score 202.

Fifth—For greatest number of splits during game, Jerry Lowendick.

GUN CLUB SCORES.

At the Johnstown gun club shoot on Saturday the following scores were made: C. Hursey broke 61 out of 71, F. Needles 57 of 71, G. Ross 31 of 50, J. Dague 47 of 60, F. Green 45 of 50, J. Cody 50 of 75, D. Lewis 43 of 75, B. Clark 34 of 55, C. Brush 16 of 30, F. Armstrong 3 of 10, H. Bishop 3 of 5, W. L. Welschmer 1 of 5, D. Crawford 2 of 5, C. Huff 19 of 25.

The next shoot will be held Saturday, April 8 on the grounds recently rented of Harry Butt.

DON'T FEAR BLACK LIST.

Earl Beverly, the local player who is having trouble with the Dayton Central league management, says that he is not afraid of the black list. He says that he presented his case to Garry Herrmann personally and asked his opinion. "I've the letter in my pocket from him saying that Dayton cannot hold me. I'm not afraid of any black list. Let them try it."

Ed Justice and Jack McAllister, who go to the Connecticut league, have received their marching orders for early in April.

Denison's urgent need of a slab artist could have been avoided if the board of control had taken proper action at the right time last fall. It is understood that "Lefty" Webb, one of the best college pitchers in the central part of the state, was willing to matriculate at Old Denison if sufficiently urged but the Methodists were more anxious and got him to return to their school. He is in good form at Delaware and in fact, some of the college fans state that O. W. U. has very poor material for her team except the battery. Webb played with the old Shamrocks at Mt. Vernon in 1903 and was looked upon as a coming twirler. He is younger than the general run of college players and has a bright future before him.

WHITE-BRITT

Sign Articles to Box 20 Rounds in San Francisco During the Month of April.

San Francisco, March 31.—Jabez White has signed articles with Jimmy Britt to box 20 rounds, Queensbury rules, at some date in April not yet specified. They agree to post deposits for appearances on April 1. Britt left for Harbin Springs to take an outing. White goes to Larkspur, where he will have the coaching of Battling Nelson. White has made a good impression upon the local fight experts, though he looks older than his pictures. He made no objection to the American style of fighting. Charley Mitchell agreed that the men should protect themselves in breakaways. The fight will probably take place the last of April.

ACKERMAN-LUTTBEG

Wrestling Match Will Likely be Pulled Off in Columbus Some Time in April.

At Ackerman of Fostoria, well known in Newark as a wrestler, and who defeated Ten Tonman of this

city at Fostoria, has handed a bunch of strong talk to Alax Luttbeg of Cincinnati, and if the Queen City wrestler thinks anything of his reputation he will sign articles at once for a match to be pulled off in Columbus some time in April.

Ackerman practically agrees to let the Cincinnati man name his own terms and as the Fostoria boy has a reputation of being a straight talker, the chances are that Luttbeg will have to come to terms.

BATTILING NELSON AND WHITE. San Francisco, March 31.—Battling Nelson last night accepted an impromptu challenge of Charlie Mitchell, manager of Jabez White, the English champion, and posted a forfeit of a thousand dollars for a fight with the Briton.

PROTECTING BIRDS. A bill prohibiting shooting live pigeons or other birds in marksmanship matches, has been passed by the Illinois house of representatives.

TELEGRAPH POLES

ARE TO BE SUPPLANTED BY IRON RING STANCHIONS.

Central City Man Has a Plan to Do Away With Poles Which Last Only Few Years.

J. M. Williams, of Central City, was in the city on Friday. Mr. Williams has a complete design for a telegraph stanchion that does away with all telegraph poles. It weighs six and a half pounds to the foot and is so systematically arranged that any boy can climb a stanchion one hundred feet high, easily. The iron ring stanchion will last a thousand years if kept painted, while a pole will last about ten years. Mr. Williams intends to organize a company and locate in Newark if possible. Big capital is needed to produce the stanchion, and it is claimed that it will finally do away with poles. Mr. Williams deserves credit for his invention, and measures will be taken to place it on the market.

Independent Telephone Men.

Columbus, O. March 31.—The Ohio Independent Telephone association voted to adopt a plan of attack upon the Bell interests throughout Ohio, and to that end authorized the employment of a state organizer at a salary not to exceed \$3,000 and expenses, to promote their interests. The convention voted that the association should become a member of the National Interstate Telephone association and named Frank L. Beam of Columbus, a member of the advisory committee of that organization. Delegates and alternates were named to the annual convention to be held in Chicago June 20-21. Frank L. Beam of Columbus was elected president of the state association and Ralph Reamer, Columbus, secretary-treasurer.

Dry's Lose the Contest.

Washington C. H. O. March 31.—The local option election here resulted in a victory for the wets by a majority of 48, the total vote being 1,665, up to a presidential vote. The result was a surprise, as it was thought on all sides that it would go dry. The women held prayer meetings in the Methodist church from 1 o'clock in the morning until the polls closed. Three hundred little school boys paraded the streets with their banners and flags flying. It is said the drys will contest the election. Fifteen arrests were made for alleged illegal voting and bribery.

SUPT. BATCHELDER LEAVES FOR CHICAGO TONIGHT.

Mr. Irwin Expected Here Tonight or Tomorrow—Engineer Murphy's Sad Accident.

Supt. F. C. Batchelder will leave tonight for the Chicago division of the B. & O. where he will take up his new duties as superintendent. Mr. Batchelder will not move his family from this city for several weeks.

Mr. J. F. Irwin, the new superintendent of Newark division has not arrived yet, but will probably begin his duties Saturday. As stated before in these columns no change will be made in the clerical force of the superintendent's office, Mr. Daly remaining as chief clerk.

Engineer Loses Foot.

Engineer E. A. Murphy of the C. O. division of the B. & O. was seriously injured Thursday afternoon at Benwood and lost a portion of his left foot in consequence of the accident. Mr. Murphy was standing on the side rod of his engine, No. 1914, when the throttle was opened by some unknown party. The engineer's foot was caught in the machinery and terribly crushed before the locomotive could be stopped. He was at once placed under the care of a physician and a portion of the foot amputated.

"Choo Lu" is Sick.

Carl M. Wolverton, the valuable assistant weighmaster at the B. & O. scale house, known to every yard employee as "Choo Lu," is confined to his home with a severe cold. Choo Lu is one of the most popular employees of the yard force and his absence is very noticeable.

Weighmaster J. F. Mikesell of the B. & O. scale house is confined to his home with an attack of the grip.

Car Derailed.

As second 99 was pulling into the yards this morning a B. & O. refrigerator car was derailed and it required some time to place it on the tracks again.

Dr. Priest's Office Moved.

The office of Dr. Priest, chief examining surgeon of the B. & O. company at this point, has removed his office from the B. & O. freight house to the Scott building at Third and Church streets. This change was made to give Freight Agent W. E. Kerr greater office room at the freight house.

Now Paying by Checks.

Beginning this month, the pay car of the Ohio Central lines is a thing of the past. Recently the company began paying all of its employees by check, except those at the Bucyrus shops, and on the Kanawha and Michigan divisions. It is now announced that all employees will be paid by check.

Annual Inspection.

The annual inspection of the telegraph, signal and insurance departments of the Pennsylvania lines will be begun next Monday, officials starting from Pittsburgh in a special train. The inspection will take about three weeks. The first week will be devoted to the northwest system, the second and a part of the third to the southwest system, and the remainder of the third week to the northwest. The superintendents of the various divisions will accompany the party over their divisions.

Railway Personals.

Brakemen D. M. Hukill and R. Crawford have been marked up for duty. Conductor J. O. Gallagher has been granted a leave of absence until April 2nd.

Brakeman White has reported for duty. Brakeman Carlyle is laying off for a few days.

Brakeman C. A. Meckley is off duty on account of illness.

Conductor Wharton is off duty for a few days.

Engine 745 has been transferred to the Wheeling division from Newark.

Going out of carpet business. Entire stock being sold out at cost.

Two Young Boys Walked to Newark Looking for Work—Slept at the Police Station.

Two young boys were given lodging at the city prison Thursday night after having walked from Pittsburgh to this city, if their story is to be believed. They were found on the street at 1 o'clock by the police, took no for lodging. They stated in police court that they came to Newark looking for work, and the police are making an effort to find a job for each lad. They will probably go to work at Hirsch's glass factory.

JUDGE S. M. HUNTER

The Ideal Candidate for the Democrats of Ohio to Nominate for Governor.

Intelligent voters of either party do not consider the phenomenal Republican majority of last year in this and other states as being in any sense conclusive of future results. The tidal political wave that swept over the land last fall—will undoubtedly recede to normal conditions this fall. Action and reaction are always equal in politics as in other things, and the pendulum that swung so far in one direction last fall, is liable to vibrate equally as far in the other direction this fall.

In addition to this the Republican party in Ohio has serious troubles which it will be compelled to face at the coming November election. Governor Herrick will undoubtedly be re-nominated and he will be a heavy millstone around the neck of the Republican party. He will be many thousands of votes weaker than the normal Republican strength. In addition to that the Republican party in Ohio will have to face the record of the last Republican legislature in Ohio, which is, if possible, even more odious than Governor Herrick himself. This record of the late Republican legislature was forgotten in the heat and excitement of the last National election, but it will not be forgotten this fall, and it will prove another heavy weight for the Republican party to carry. More over the Republican party in the campaign this fall will be handicapped with the usual result of the distribution of political patronage. The quarrels over the removal and appointment of postmasters, etc., will more or less disorganize the Republican party all over the state.

All the foregoing causes and conditions have led intelligent Democrats all over Ohio to believe that it is possible, by a wise and judicious nomination, to carry the state for the Democratic party next November. In order to do this we must nominate a first-class candidate to put against the discredited nominee of Boss Cox, General Dick & Co.—viz: Governor Herrick. Licking county has such a man who

will fill the bill in every particular, a man who is able, honest and a true Democrat, a man whose name is the synonym for Jeffersonian-Jacksonian Democracy throughout the state; a man who, if nominated, will give the Democracy a vigorous, rattling campaign that will end in surprising victory.

This man is Judge Samuel M. Hunter of Newark, as to his home, but of the state of Ohio as to reputation. Judge Hunter unites in a pre-eminent degree all those qualities that make for the capable and successful candidate. He is a life-long, undeviating Democrat; never skulking in his tent in any campaign, but always devoting his time, energies and abilities to the success of the Democratic party. He is one of the ablest lawyers of the state, having spent his life in the practice of that profession and upon the bench, in which he has been eminently successful. He is a gallant veteran of the civil war, during which he rendered efficient service with the other boys in blue. He is a thoroughly honest man, and a man of the people, and unalterably opposed to all encroachments upon the rights and privileges of the people. In a word, Judge Hunter is the embodiment of true Democracy. He would make an ideal leader of the Democratic columns in the campaign this fall, and he, of all men, would lead the party to victory.

APPETITES

Druggist Frank D. Hall Explains How Vinol Creates a Desire for Food.

"Vinol is the greatest aid to digestion that we have ever known," said Mr. Hall.

"It contains all of the active, medicinal curative elements that are found in cod liver oil, without any oil, or grease.

"These medicinal elements act so favorably upon the stomach that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue, and for making rich, red blood.

"When the stomach acts easily and naturally, a desire is created for good, simple food, and a good appetite is the sure result.

"With cod liver in its old form, the medicinal elements which it contained were unable to do their best work because of the obnoxious oil that enveloped them.

"Now in Vinol we have those same medicinal elements separated from the vile-tasting oil, and we have a tonic and re-builder that is simply marvelous in its action.

"We want every one in Newark to know more about our Vinol, how it cures and what it cures. Certainly Vinol is the greatest tonic and re-builder we have ever sold.

"Lack of appetite is not itself disease, but a symptom of weakness showing itself in the nerves of the stomach, which control the desire for food. We guarantee Vinol will cure this weakness or give back your money." Frank D. Hall, Druggist.

Seventy Donkey-Mounted Gentlemen

Inmates Rescued.

Cleveland, O., March 31.—A fire in the Dorcas invalid home for women caused a panic among 42 aged women and for a time put them in great danger of death from fire. Mrs. Margaret Sims, the matron, showed great bravery in rescuing the inmates and did so at the risk of her life. The building is of three stories and many of the old women were on the upper floors. The first floor of the building was badly damaged by fire.

GRANVILLE NEWS

T. & O. C. STATION THERE WILL BE IMPROVED.

Glee Club in Dayton—Riding Club is Coming From Columbus—Birthday Party.

Granville, O., March 31.—General Superintendent M. S. Connors and Superintendent H. E. Speaks of the Toledo & Ohio Central Railway company, were in the village a few days ago. The principal object of the visit of these gentlemen was to inspect the property interests of the company at this point, and to map out some extensive and much-needed improvements at the depot. Among the improvements that they decided on making will be the complete remodeling of the depot. It will be fitted up in modern style, and will be heated and lighted by gas. A new brick platform will also be put down, which will be lighted with gas, while the low places around the depot will be filled with earth, and handsome flower beds made at each end of the depot, and a considerable amount of space will be sodded. The depot building will be painted inside and out. The work of making these improvements will be commenced soon, and it is expected that they will be completed in time for the Centennial. This will be an improvement that will be appreciated not only by the people of Granville, but by the traveling public.

The Denison University Glee and Mandolin clubs, to the number of 50, left Thursday over the T. & O. C. railroad for Dayton, Ohio, in a special car. The clubs will give an entertainment in Dayton, and as Denison has hundreds of staunch friends in that city, they are always sure of a large and appreciative audience.

Agent Smith of the T. & O. C. railroad says that business has increased considerably on his road between Granville and Columbus, since the \$1 rate between these two places went into effect. This makes a cheap trip to Columbus for one day.

Mr. Frank Tallmadge, on behalf of the Columbus Riding club, consisting of 25 of the most prominent gentlemen of Columbus, was here this week negotiating with the Buxton House for accommodations for the members of the club for two days, Saturday and Sunday, May 13 and 14. The gentlemen will ride over from Columbus on horseback, and on Sunday a number of their wives will join them here, coming over in the interurban.

The celebration of the birthday of Mrs. Maria Follett, one of Granville's oldest and most highly esteemed residents, was quietly observed at her home, "Monomoy Place," on West Broadway, on Friday, March 24. Only the immediate family and several intimate friends from Columbus, were in attendance. The presence of the grandchildren added much to the enjoyment of the occasion. The feature of the occasion was the sumptuous dinner that was served.

The Misses Howald and Schenck of Columbus, will be guests at the Buxton Saturday and Sunday. They will come over from Columbus in their new automobile.

Mrs. Maria T. Jones left Monday for Columbus, after several days' visit at the Buxton.

FIRE A HEAVY BLOW

But Professor W. H. Johnson of Denison Faculty Sees No Backset for Granville College.

(By Professor W. H. Johnson.) Granville O., March 31.—"The loss by fire Thursday is a severe blow. The building, the gift of Mr. E. J. Barney, of Dayton, was adequately insured, but there was much in the contents that no possible insurance could cover. Under the late C. L. Herrick, who was at Denison most of the time from

1884 to 1894, a scientific library was founded which has been steadily growing ever since, and which had its equal to but few, if any of the smaller colleges in the country. It was especially rich in complete series of the scientific publications of universities and learned societies, not only of this country but of all civilized countries in the world. It will take a good many thousands of dollars to equip another library which can compare with it in working value.

"The private scientific library of Professor C. L. Herrick was also burned. After his death it had been shipped to Granville in the hope that funds could be raised to purchase it for the university, as a memorial to him, and a committee was at work securing funds to that end.

Another severe loss was the physical apparatus, manuscripts, etc., of Professor C. W. Chamberlain the inventor of the Compound Interferometer, one of the most important devices ever wrought out of the solution of certain problems in physics requiring extreme accuracy of measurement. Professor C. J. Herrick, of the zoological department, was also a heavy sufferer. The geological material was mostly saved before the fire reached it.

"Denison has justly earned a high position in the educational field and we cannot believe that this blow will be allowed to cripple her work for any long time. She has powerful friends who know of her need and who will see to it that her scientific work shall arise from this temporary prostration in better shape than before. The fact that the fire broke out in one of the chemical laboratories is a strong suggestion that the chemical department should have a building by itself. To anyone who knows the spirit of the Granville institution it is necessary to say that the scientific work of the spring term will go right on, making the utmost of such facilities as are left, or can be immediately secured, and taking the disadvantages of the situation in a cheerful way."

The Granville Times says in its editorial columns:

"Nearly seventy five years ago when the original building of the college was scarcely more than completed and put into service, it was burned to the ground. The board had nothing left but the old college farm, but they were not quitters. They went to work more bravely than before and repaired the loss. You can burn down a college building, but you cannot burn down a college that has any real reason for living. Denison has long ago showed that it has such a reason. It has met a temporary set-back of great severity, but it will not be long until the old institution will be marching along with better equipment than ever before. The spring term will open as usual with students and faculty all courageously at work making the disadvantages just as light as energy and good cheer can make them. There are no 'quitters' about old Denison."

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from the painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Anna, the noted European skin specialist, declares that dandruff is the forerunner of baldness, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

"Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day."

IMPORTANCE OF THE FIRST STEP

Dyspeptics Should Begin Right by Using Smith's Triple Cure.

The first point in the treatment of dyspepsia is to remove the cause of the trouble which causes the dyspeptic condition. When your stomach is strained from overwork, when you eat too much and too often, you must provide relief by removing the burden. Chronic dyspepsia or indigestion in the majority of cases is due to catarrh of the stomach. Smith's Triple Cure cures dyspepsia because it cures catarrh wherever located. Its use is the first step toward a cure. Begin right by first removing the cause. Smith's Triple Cure will always do this because it takes off the strain; it puts the stomach and digestive organs in a healthy condition. It cleans the mucous membranes and keeps them healthy, so that catarrh cannot exist or find lodgment. The mucous membranes protect the interior of the body just as the skin protects the outside. As long as the mucous membranes are healthy and clean everything works right—digestion and assimilation are normal. Now, suppose the mucous membranes become congested, ulcerated, cankered and covered with foul secretions. You know the gastric glands and functions would soon become disordered. Catarrh and dyspepsia would soon rob your system of vigor and your nerves of strength. Now use Smith's Triple Cure and note the change. The mucous membranes soon lose their congested, angry and disordered appearance and the ulcers and canker heal. That's the first step toward curing dyspepsia and catarrh. Smith's Triple Cure will do this for a dyspeptic or catarrhal stomach, will remove the cause, make the digestion natural and healthy, enrich the blood and establish harmonious action of the digestive organs. All dealers sell Smith's Triple Cure, price 50 cents, each package a full two weeks' treatment, containing four separate preparations, the greatest value for the money ever offered. If your druggist won't supply you, send us 25 two-cent stamps and we will send it prepaid and guarantee safe delivery. Address W. F. Smith Co., 125 Summer St., Boston, Mass.

INSPECTOR HOMES

Who Is Well Known in Newark Has Received a Deserved Promotion From Uncle Sam.

A. R. Holmes, brother of Colonel J. T. Holmes, of Columbus, the postoffice inspector, who is well known in Newark, has received a deserved promotion.

He has been placed in charge of the district comprising the states of Ohio, Indiana and Kentucky, with headquarters at Cincinnati, and will take charge April 1. Inspector Holmes has the credit of having brought to a successful termination the first case in the federal court of blackmail through the mails. During the Civil war he served in the 57th Ohio Infantry.

He was county auditor of Tuscarawas county, O., from 1877 to 1883. In 1884 he was appointed postoffice inspector and reported at Cleveland. His home has always been in New Philadelphia, Ohio.

RUSHED

On a Special Train, to Dying Sister and Arrived in Time for the Final Blessing.

Delaware, O., March 31.—When Big Four Conductor John Foley, of the Cincinnati division, left his home yesterday, little did he expect to be called back home to the deathbed of his favorite sister. A telegram intercepted him at Springfield telling him that his sister Kittie, aged 31, was dying and was calling for him.

A special train was engaged at Springfield, and he was brought here as fast as steam could carry him, arriving at 2:10 p. m.

Rushing to his home he knelt at the bedside of his sister, who lifted her arms and locking them about his neck saying, "John, I am so glad you came. I'm ready now to die." Thereupon her hands fell upon her breast and her spirit took its flight as her favorite brother whispered his last loving benediction to her.

The decedent was one of the most highly esteemed girls of the city.

FREE GATES

At the Race Tracks Resulted in the Fall of the Paying Teller in New Orleans.

New Orleans, La., March 31.—Free gates at the race tracks have resulted in the fall of J. T. Kavan, paying teller of the local postoffice. He is \$9,516 short in his accounts, and the free gates are held responsible by him in the confession he has made. He admits that he had been embezzling since the races began last November.

According to the story which Kavan tells the United States officers, who have been watching his every action for the past month, he was tempted by his desire to make money fast, and between the races and the cotton market his money went "very" fast. When his own savings were gone he began to use the money of the postoffice and this also went.

He admits that his defalcations are comprised in 13 different transactions, none of which were covered up with any care. He is under arrest.

IN GAS FIELD

GOOD PRICES PAID FOR LEASES NEAR UTICA.

Butler Company Will Drill Its First Test Well on McClelland Farm Near Butler.

Utica, O., March 31.—Yesterday's Herald has the following gas notes: The Homer company is building a derrick on the John Adams lease and will rig up next week.

The Logan has been taking up additional territory south of Utica. The Martha Goff farm is one of these secured. The price is not so great as the land east of town is bringing.

The Butler Oil and Gas company, in which several Mt. Vernon men are interested, will drill its first test well on the McClelland farm a mile and a half southeast of Butler.

The Centerburg Gazette says that the Centerburg company's Bottenfield well, which after proving a failure in the Clinton sand, was drilled on down to the Trenton, was a failure in that also. The drill was sunk quite a distance in the Trenton, and no gas or oil was found. This is the only well in this part of Ohio that has been sunk to the Trenton rock.

Messrs. E. C. Greer of Danville and Jacob Goettel of Oil City, Pa., representing N. F. Clark of Pittsburgh, were here late Friday and Saturday taking up additional territory east of Utica. They secured the farms of Lee A. Bell, Rex Bell and W. A. Hervey. The price is about the same as they paid for the leases taken a few weeks ago, \$5 per acre, cash in advance. On Monday they leased the Bricker "Squawtown" farm.

Attorneys Fred M. Black, representing J. A. Wells of the Central Glass company of Utica, has taken six-months' options on the 86-acre farm of Mrs. T. W. Buxton, the 23 acres of George Campbell, the 19 acres of Marshall Cooksey, and the 10 acres of Lawrence Colville, southeast of town.

It is not intended for the use of the Central factory, that concern having a satisfactory contract for fuel, with the Utica Gas, Oil and Mining company. The price to be paid for the Buxton piece if retained, is \$250 per acre.

Wylie Wallace has been leasing land in this vicinity. It is said that he represents the Buckeye pipe line company which conveys gas to Coshocton and which has been purchasing its supply from the Logan since the Utica company quit doing business with it. Mr. Wallace on Saturday secured a lease from David Elliott, paying for the same \$3,500 per year for 440 acres, which figures about \$7.50 per acre. He also took one acre of the northwest corner of the Gourley farm, for which he paid \$250 cash. He leased the Clem Hays two acres also, paying for the piece \$200 cash per year.

SAFE INDUSTRY

STARTED AT WEHRLE FOUNDRY PROMISES BIG RESULTS.

Indications Point to Rapid Development of This New Branch at Newark's Mammoth Foundry.

A few years ago the Wehrle stove industry was started in East Newark on a modest scale, but under the guiding hands of Messrs. William W. and August Wehrle, this foundry has grown so that the pay roll today is \$75,000 a month and over 600 stoves are being made daily. The immense foundry is still growing and the discovery of natural gas in large quantities near the foundry of the Wehrle company will not retard this growth by any means. A Chicago firm, the Seaboard-Hochbeck company, takes the output of this foundry and ships it to all parts of the country.

A short time ago the Wehrle company bought the Atlas safe plant at Postoria, and today from 10 to 12 safes are being manufactured here. The safe department, like the stove industry, is being started on a small scale by the Wehrles, but with excellent shop facilities, unexcelled shipping service, with sound business management, with plenty of natural gas and a growing demand for their product, the safe industry in Newark promises great results.

ANDREW CARNEGIE'S MONEY.

Ironmaster is Giving to Small Colleges Providing They Are Deserving--Generous Assistance From Multi-Millionaire--Talks of His Work.

New York, March 31.—Andrew Carnegie, following up his announcement before the Stevens Institute alumni the other night, that he had of late begun to interest himself in small colleges, has now explained more fully his position.

"In my assistance to colleges," said Mr. Carnegie when pressed for a more detailed statement of his position, "I am endeavoring to apply the same business principles which have enabled me to put myself in a position to do what I am doing. I have no intention of encouraging small colleges, nor large ones, for that matter, to expand beyond their visible resources. It would do them more harm than good in most instances to place at their disposal considerable sums of money to be employed in any way which might gratify the immediate views of their trustees and faculty."

"I must be assured in the first instance that there exists a pressing need which cannot be met by the resources at the command of the trustees. I must then be assured that the enterprise is one which has a reason

for being, which is managed wisely and conservatively, and which has a reasonable chance of becoming self-sustaining. My secretary, Mr. Bertram, receives all applications and sifts them before they come to my attention and he is an expert."

Asked if this new direction to his benevolence meant that he has tired of libraries and would not further endow them Mr. Carnegie said in effect: "Not at all. I am as ready to assist in the establishment of libraries now as ever, but the demand for them is much less active than formerly. Most of the cities and large towns are already supplied, and the applications now received are mostly from small communities, whose requirements are not very great. The applications are average only about one a day, and this costs me only about \$20,000 a day. I do not consider that enough to spend in the work I have planned, hence my interest in colleges."

Mr. Carnegie has given to libraries, endowments, etc., \$4,500,000.

Asked if sectarian foundations were eligible to his gifts he replied: "No, not as sectarian foundations. As a matter of fact, however, most of the colleges which started as sectarian foundations have broadened their basis voluntarily, and while still sectarian in name, perhaps, admit students of all creeds and impose no hard and fast conditions. I do not object to a school conducted under the patronage of a denomination if it prospers by reason of such patronage. In the case of a school so strictly guarded that it made the acceptance of its tenets a condition of matriculation, I am free to say that it would not interest me."

Mr. Carnegie is maturing a number of other plans which call for a great deal of money, and it did not disturb him in the least to refer to his secretary and learn from him that his unfulfilled promises in the matter of libraries and college endowments now amount to about \$17,000,000.

It's remarkable how cheap Meyer & Lindorf is selling carpets. Our advice is too look it up.

BOUND OVER

To Grand Jury Was Giuseppe Pontrelli On the Charge of Cutting With Intent to Kill.

Giuseppe Pontrelli, the Hungarian, who was charged with cutting to wound a fellow countryman at the Wehrle foundry Wednesday morning, was given a preliminary hearing before Mayor Crilly Friday morning. The case was interesting from the fact that three languages other than English were spoken in the hearing.

Mayor Crilly is authority for the statement that Slavic, Magyar, and profane languages were used in the case.

Pontrelli was bound over to the grand jury under bond in the sum of \$200.

He is held in the city hall for the time being.

AT POWERS-MILLER'S

Novel Feature Introduced at the Big
Department Store—Week of Na-
tions—Crowd Present.One of the most novel and what is
proving to be a very popular adver-
tising venture was left to Newark's
big department store, The Powers-Mil-
ler company, to introduce into this
state. It is an idea which originated
in the East and which is decidedly new
and unique.The company has been advertising
during the past few days that the
"Week of Nations" would be celebrat-
ed at the store. The celebration open-
ed Thursday with England and Scot-
land, as the feature. The big store, in
the Union block on Church street, al-
ways resplendent in beauty, was deck-
ed as for a holiday. English and
Scottish flags were everywhere in evi-
dence. Over the front entrance a large
English emblem, twelve by fifteen
feet, was draped.One of the noticeable features was
the supremacy of the Stars and Stripes.
In every case the American flag is given
the preference.Each day the store will feature a
different nation. Today, Ireland is in
evidence and the green flags with the
harp of gold, is displayed all over the
store. Saturday will be American day.
Monday, France will be at the front
followed Tuesday by Germany. The
unique sale will close Wednesday with
cotton day. Everything of cotton will
be featured.Each day from 10 to 11 a. m. and
from 2:30 to 4:30 p. m., a program of
songs representative of the nation
which is being featured, is rendered by
Miss Margaret Collins of New York
City. Miss Collins has a beautiful
contralto voice and sings exceeding
well. The program Thursday was tak-
en from the characteristic Scotch and
English ballads. "Bonnie Doon,"
"Auld Lang Syne," "Annie Laurie,"
"Comin' Thro' the Rye," "Love's Old
Sweet Song" and "Blue Bells of Scot-
land" were among the songs rendered.This advertising feature shows
clearly the enterprise of this big store
as the attraction is one which seldom
leaves the larger cities.After closing the engagement here
Miss Collins will return at once to the
East. A large number of people vis-
ited the store yesterday and today.

THE LAST ROSE OF SUMMER.

The simple way and naturalness of
the characters in "The Last Rose of
Summer," helped along by a clever
company makes a production that will
linger long and pleasantly in your
memory. In looking over the press
reports where this attraction has ap-
peared through this part of the state
we fail to find one adverse criticism.W. S. Patton, the peculiar comedian, is
the shining star, and his supporting
company is far above the average. The
play is a bright modern comedy and
the novel way in which it is presented
is in a way responsible for its big suc-
cess. Auditorium, Wednesday, April 5.
